

# WEEKLY REPORT: NAREL

April 5, 2012

- **RERT Assistance to Region 4.** Members of the NAREL RERT provided radiation safety support to EPA's Region 4 Emergency Response and Removal Branch. Support provided included general use of issued personnel Thermoluminescent Dosimeter's (TLD) and Electronic Personnel Dosimeter's (EPD) while traveling and for emergency response. Recommendations for EPD alarms settings were also provided.

- **Training for NCERT.**
